

AMENDMENTS TO THE SPECIFICATION:

Please amend the title as follows:

A TWO PART INTERLOCKING FASTENER FOR ATTACHING PANELS
TO A VEHICLE

Please add the following new paragraph beginning at line 2, page 1, before the "Field of Invention":

Related Application

This application claims priority to and all the benefits of United States Provisional Application No. 60/411, 238, filed on September 16, 2002.

Please amend the paragraph beginning at page 2, line 22, as follows:

Referring to Figure 2, the fastener assembly 10 generally comprises a two part fastener 12, 14 [[14, 16]] and a pin 16. The two part fastener generally has a first sleeve or grommet 12 and a second sleeve 14.
